# Contents

## *Education and Training*

Education and Training Stem Overview
*Katherine E. Staples* . . . . . 3

Videoconference-Based Courses in Technical Communication: Pros, Cons, and Considerations
*Kathleen L. Farrell* . . . . . 4

Online Tools for Online Writing Teachers
*David A. McMurrey* . . . . . 6

Using Emulation to Teach Nonverbal Technical Communication in the Twenty-First Century
*R. John Brockmann* . . . . . 8

Multimedia Theater: The Roles of Audience in Multimedia
*Bruce R. Gibbs* . . . . . 14

The Author's Toolkit: Creating a Partnership Between Technical and Nontechnical Team Members
*Laurie Modrey* . . . . . 18

Roles for Communication in Academia and Workplace: Teaching, Learning, and Mentoring
*Pamela K. Tatge, Jack W. Jobst, and John H. Carpenter* . . . . . 21

Writing for Training
*Dolores Urbick* . . . . . 23

Electronic Mentoring: Benefits and Rewards
*Sharlyn A. Dimick* . . . . . 24

Expanding the Learning Community: Using Electronic Mentoring to Build Academic/Industry Partnerships
*Bonnie L. Fink, Leslie K. Gasser, and Kara L. Schubert* . . . . . 25

Electronic Mentoring Benefits for Practicing Communicators
*Lori A. Stertzbach* . . . . . 26

An International Technical Communication Curriculum: The Value Added
*Gary M. Heba* . . . . . 27

A Curriculum for the Research and Practice of International Technical Communication
*Nancy L. Hoft* . . . . . 31

Calculating the Value-Added: What Hiring Managers Need to Know About Academic Technical Communication Programs
*Louise Rehling* . . . . . 34

Strategies for Using Compressed Video Effectively
*Patricia E. Connors* . . . . . 40

Computer-Mediated Conferencing: Teaching in a Virtual Classroom
*Dr. Nancy W. Coppola* . . . . . 41

Creating and Sustaining Technical Communication Programs in Colleges and Universities
*Deborah S. Bosley, Karen A. Schriver, Russel Hirst, Susan D. Kleimann, Dianne Atkinson, Teresa C. Kynell, and David McMurrey* . . . . . 44

Redefining Curriculum and Research Initiatives: A New Model of University Industry Partnership
*David F. Hans, Roger A. Grice, Edward J. See, and Robert Krull* . . . . . 45

Changing How the World Communicates: Secondary Curricula in Technical Communication
*George F. Hayhoe, F. Thomas Abbott, Ronald S. Blicq, Lisa A. Moretto, and Trish Pollick* . . . . . 46

The Tie That Binds: Technical Communication in the High School Classroom
*F. Thomas Abbott* . . . . . 47

Introducing Technical Communication Into the High School Curriculum
*Ronald S. Blicq* . . . . . 48

Redefining Technical Communication
*Lisa A. Moretto* . . . . . 49

Faculty Internship Panel
*Deborah J. Rosenquist* . . . . . 50

Creating an Academic Program
for Technical Marketing Communication
*Janice M. King and Judith A. Ramey* . . . . . 51

## Management

Management Stem Overview
*Tara C. Scanlon* . . . . . 55

Playing to Win: Building a Strategic Plan
*Leila Merritt and Emanuel Katzin* . . . . . 56

Estimating Scope and Schedule for Help Projects
*Mary M. Deaton* . . . . . 57

Trends Panel
*JoAnn T. Hackos* . . . . . 58

How to Write Your Own Contract
*Louis C. Costanzo, Richard H. Weiss,*
*and Joanne Smestad Claussen* . . . . . 59

When the Customer Isn't Right:
A Workshop in Handling Conflicts
When Clients Behave Unethically
*Lori A. Allen and Dean Graves* . . . . . 60

Managing a Distributed Documentation Group
*Ken Jackson* . . . . . 61

Taming a Telecommuting Team
*Jean H. Weber* . . . . . 63

Separate But Equal: Developing Success
Profiles for Technical Communicators
*Debra Ricks and Patricia M. Madigan* . . . . . 65

Hiring for Success
*Pamela K. Tatge, Sheryl A. Moore,*
*and Nancy S. Robinson* . . . . . 67

Thriving in Ambiguity
*Emily A. Sopensky, Sally J. Derrick, Patricia Gabella,*
*Robert G. Hurst, and Krysti Ray* . . . . . 70

Using PERT to Plan and Schedule Your
Documentation Projects
*Shish Aikat* . . . . . 71

Writing Win/Win Proposals
*Duncan A. Kent* . . . . . 75

The Effects of Online Systems
on Documentation Management
*Annette D. Reilly* . . . . . 76

Translation Management
*Roger A. Tunsley* . . . . . 78

Delivering Customer Satisfaction:
Our Experiences with Responding
to Customer Feedback
*Margaret Howell Betz* . . . . . 81

Outsourcing and Virtual Corporations:
Implications for Technical Communication
Professionals and Their Employers
*E. Berry Davis III and David M. Orchard* . . . . . 82

Management Activities for Achieving
Organizational Change and Improvement
*Cynthia C. Currie and Thomas J. Vallone* . . . . . 86

Strategic Thinking and Planning for Information
Development Organizations
*Charles L. Breuninger, JoAnn T. Hackos,*
*Heather J. Fox, and Angela W. McAlister* . . . . . 90

What DOES a Manager Do Anyway?
*Mary K. Coffee, Jean M. Jahnke,*
*and Sarah C. Yeo* . . . . . 92

Getting the Most from
the Quality Improvement Process
*Audrey M. McDonald* . . . . . 93

Demystifying ISO and QS 9000
*Gerard Paradis* . . . . . 96

Entrepreneurship ... Yes? No?
*James G. Hamlett* . . . . . 100

Tips and Tricks for
Successful Project Management
*Meryl Natchez* . . . . . 103

The Publications Process Maturity Model: Key Practices for an Effective Organization
*JoAnn T. Hackos* . . . . . 104

How to Hire Technical Writers: A Manager's Viewpoint
*Brenda P. Huettner and Ken Jackson* . . . . . 109

Understanding Copyright
*Louis C. Costanzo, Richard H. Weiss, and Terry S. Dick* . . . . . 113

Successful Management Strategies for Nontraditional Work Environments
*D.L. Henderson, Bonnie J. Davis, and Genie Vidal* . . . . . 114

## Professional Development

Professional Development Stem Overview
*Pamela S. Ecker* . . . . . 117

Expand Your Career Plan
*D.L. Henderson* . . . . . 118

Navigating Change in Turbulent Times
*Peg A. Cheirrett, Debbie L. Scroggs, and Mary L. Eschen* . . . . . 119

Independent Contracting Opportunities and Issues in Asia/Pacific
*Jerry Kurtz* . . . . . 120

The Profile of Japanese Technical Communicators
*Noriko Yotsuyanagi and Earl E. McDowell* . . . . . 124

From Independent Consultant to Business Manager
*Brenda Fay* . . . . . 128

Home Office Advantage
*Sandi Hoffman* . . . . . 131

Career Assessment in Changing Times
*Sheila C. Jones, Roger A. Grice, William A. Mattingly, and Coralyn K. McGregor* . . . . . 136

Quality PIC Progression: What Technical Communicators Want to Know About Quality
*Lori H. Fisher, Connie "C.J." Bibus, Laura J. Cinat, William D. Gearhart, Kathleen J. Hansen, Donald S. Lenk, Jr., David Robbins, Karl L. Smart, Thomas A. Vallar, Susanne Warren, and Diane L. Whitmer* . . 138

Planning Committee Emulates Conference Theme
*Ronald S. Blicq* . . . . . 139

FORUM '95 Conference Demonstrates International Cooperation
*Annette D. Reilly* . . . . . 140

Changing to Outwit Change: Staying Motivated in the '90s
*Monica Weis and Alec Sutherland* . . . . . 141

GRAYSCALE: A Workshop in Ethics and Technical Communication
*Lori A. Allen and Daniel W. Voss* . . . . . 142

The Marathon of Chapter Presidency
*Linda L. Oestreich, Mark Hanigan, Richard T. Julius, Patricia J. McClelland, and Carolyn L. Watt* . . . . . 143

Professional Certification: Evolution, Revolution, or Status Quo?
*Lawrence D. Kunz and Terrance M. Skelton* . . . . 144

Getting a Job in the '90s
*Michael V. Sharp, Roger E. Masse, and Jan D. Shelton* . . . . . 148

A Newsletter Competition Where Everyone Wins
*Andrea L. Ames, Cheryl Disch, and Helen T. Hegelheimer* . . . . . 149

1996 Policies and Procedures PIC Meeting
*Raymond E. Urgo* . . . . . 150

Improving Your Work Teams by Identifying Individual Styles
*Brenda Fay and Dan Fay* . . . . . 151

New Roles for Technical Writers: Web Masters "Oh My Gosh, Now I Own the Web Page!"
*Dana L. Gillihan* . . . . . 152

New Roles for Technical Writers:
Technical Marketing Communication
*Ralph Earle* . . . . . 153

Developing a Chapter Mentoring Program
*Barbara E. Epp* . . . . . 154

Bridging the Gap:
Developing a Technical Communication Outreach Program for Students and Educators
*Ellen M. Fisher* . . . . . 155

From Manager to Individual Contributor —
Would You Rather be a Worker Bee?
*Carmie Boutin* . . . . . 156

Why Be Certifiable?
What It's Like to Take a Certification Exam
*Robyn L. Brewer* . . . . . 158

Technical and Scientific
Communicators as Infopreneurs
*Donald S. LeVie, Jr.* . . . . . 160

Mentoring: Providing Professional
and Organizational Benefits
*Thomas J. Vallone and Carole Smith* . . . . . 164

The Interdisciplinary Rodeo: How to Wrangle Diverse Professionals Without Getting Gored
*Tamara Adlin* . . . . . 166

Organizing Your Professional Life
*Lauren Y. Hansen* . . . . . 171

Applying Performance Technology
Principles to Documentation
*Gabby Hayes* . . . . . 174

Marketing Writer's Survival Guide
*Janice M. King and Lawrence D. Kunz* . . . . . 177

"The Stories We Tell Ourselves" —
Personal Writing for Technical Communicators
*Michael L. Keene, Diane S. Whitmer, and Chuck M. Anderson* . . . . . 178

## *Theory and Research*

Theory and Research Stem Overview
*Lynnette R. Porter* . . . . . 183

Goal-Oriented Paper Versus Online
Documentation Search Strategies
*Patricia H. Anson and Robert Anson* . . . . . 184

Modeling the Empowered User
*Thomas Barker and Patricia Goubil-Gambrell* . . . . 185

Performance Test Report: Comparative
Research of Understanding-Oriented and
Operation-Oriented Manuals
*Shiro Kawaguchi* . . . . . 190

What Makes a Communication Research
Proposal a Grant Winner
*Christopher F. Velotta, Lottie B. Applewhite, and Carel J.M. Jansen* . . . . . 191

Useful Differences in Information Design
Between Technical Communication and the Arts
*Robert Krull* . . . . . 194

The Dynamics of Collaborative Design
*Lorraine C. Sherry and Karen Madsen Myers* . . . 199

Interactive Media to Communicate
Environmental Research Findings
*Mark H. Hodges and William Evans* . . . . . 205

Modeling a New Rhetorical Architecture
*William O. Coggin* . . . . . 209

Digital Architectures: SGML, HTML, Multimedia and the Structure of Electronic Documents
*Gary M. Heba* . . . . . 213

What Research Should STC Sponsor?
*Stephanie L. Rosenbaum* . . . . . 217

What Really Goes on at a Usability Test
*Francine N. Hyman and Barton A. Evans* . . . . . 218

Finding Out Who Likes What:
A Research Tool Kit for Technical Communicators
*Lynna J. Ausburn and Floyd B. Ausburn* . . . . . 219

Usability Testing of Medical Instrument Instruction Manuals
*Christopher P. Beckmann, Nancy L. Bayer, and Robert Krull* . . . . . 220

Rendering Technical Communication: Toward a First Philosophy of First Principles
*Ronald L. Stone* . . . . . 221

Multimedia and Interactive Marketing in the Digital Age
*Bruce R. Gibbs* . . . . . 222

Developing Products and Their Rhetoric from a Single Hierarchical Model
*Basil J. White* . . . . . 223

Applying the Sensation-Perception Continuum to User Documentation
*Marlana A. Coe* . . . . . 225

The Graphic Design of Text: A Review of Research
*David W. Matis* . . . . . 230

Researching Requirements for Field Service Documentation
*Elise Andrews, Michelle M. Merritt, and Arline Zalenski* . . . . . 236

Human Factors Jeopardy!
*Marlana A. Coe* . . . . . 237

Researching and Planning for SGML: The Communicator's Role
*Sharlyn A. Dimick* . . . . . 238

Researching and Planning an SGML Implementation
*Lori A. Stertzbach* . . . . . 239

How to Be a Consumer of Research
*Susan D. Kleimann and Kenneth D. Keiser* . . . . . 241

Strategies for Research in Technical Communication
*Kenneth T. Rainey, Lottie B. Applewhite, Sherry G. Southard, Christopher F. Velotta, and Thomas R. Williams* . . . . . 242

Measuring Value Added: Rationale and Approaches
*Elinor L. Knodel, Sandra M. Gallagher, Judith Leetham, Theresa Marchwinski, Amy E. Smith, and Emily A. Sopensky* . . . . . 243

The Sequential Order of Instructions: Impact on Text Quality
*Michael F. Steehouder and Carel J.M. Jansen* . . . 247

Nominalizations and Their Impact on Readers
*Jan H. Spyridakis and Carol S. Isakson* . . . . . 251

## *Tools and Technology*

Tools and Technology Stem Overview
*Roger A. Grice* . . . . . 257

Advanced Technology PIC Meeting
*Marguerite Krupp* . . . . . 258

Say It on the World Wide Web: Crash Course in Web-Page Design
*William K. Horton III, Lee Taylor, Arthur D. Ignacio, Nancy L. Hoft, and Katherine W. Horton* . . . . . 259

Writing Microsoft Windows Help — Two Steps Past the Basics
*Morgan O. Thomas* . . . . . 260

Creating Online Help in a Multiplatform Environment
*Jan D. Shelton, Anne Navarro, and Robbie Fontenot* . . . . . 261

Information Engineering: A New Approach to Technical Communication
*John S. Bowie* . . . . . 264

SGML Document Structuring: Implementing Document Analysis
*William O. Coggin, Leslie K. Gasser, and Beth A. Williams* . . . . . 265

Developing Internal Procedures Online: The HowWe Manuals Project at Suncorp
*Dean Bell and Helen Smith* . . . . . 266

A Modular Approach to WinHelp Projects: The Process Behind the Success
*Lavanya K. Mandavilli* . . . . . 267

Quick and Easy HTML
*Pamela K. Tatge, Kathlyn Auten, and Ann Balaban* . . . . . 268

Developing Information for Multiple Formats: You CAN Get There from Here
*Patricia G. Moell and Helen F. Weeks* . . . . . 269

Information Competitive Analysis: Achieving Best-in-Class Design
*Debra-Jo Murphy* . . . . . 274

A Stake in the Ground: A Successful Approach to Project Estimating and Tracking
*Amy S. Friend* . . . . . 277

Developing and Maintaining a Successful Web Site: How to Keep Visitors Coming Back
*Sharlyn A. Dimick, Thomas G. Acree, Leslie K. Gasser, Jeffrey T. Penka, and Matthew K. Wise* . . . . . 281

Publishing for Dual Media — Paper and Electronic
*Michael New* . . . . . 287

Advanced Issues in Usability: Balancing User Preference and Performance Data Collection
*Thyra L. Rauch* . . . . . 288

Advanced Issues in Usability: A Progression
*Chauncey E. Wilson and Stephanie L. Rosenbaum* . . . . . 290

Building Usability in from the Beginning — Analyzing Users and Their Tasks
*JoAnn T. Hackos and Janice C. Redish* . . . . . 291

Applying Object-Oriented Design Concepts to Web Publishing
*Nancy L. Hoft* . . . . . 293

Using an Ethnographic Method to Gather Usabilty Data from the Field
*Denise Carlevato* . . . . . 294

Understanding the Customer's Business Context
*Candace P. Cole* . . . . . 300

Mining Customer Support: A Progress Report on the Search for Usability Data in a Customer Support Database
*John R. Muehleisen* . . . . . 302

Designing Effective User/Training Documentation with the Learning Style Inventory (LSI), the User Empowerment Inventory (UEI), and Think-Aloud Protocols
*Donald S. LeVie, Jr.* . . . . . 306

Using Multiple Communication Methods to Disseminate Information About Technical Research
*John Pierson and Leigh F. McElvaney* . . . . . 312

Research in Context: Ethnographic Usability
*Patti A. Dorazio and Julia Stovall* . . . . . 315

Warp Speed: Creating Online Information for OS/2
*Marlana A. Coe and Leigh Waller* . . . . . 319

Communicating the Results of Field Studies to Support Usable Design
*Denise Carlevato, Judith A. Ramey, and Erin Leanne Schulz* . . . . . 320

What You Can Learn From Analyzing Artifacts and Outcroppings in Field Studies
*Judith A. Ramey, Denise Carlevato, and Erin Leanne Schulz* . . . . . 324

Data Collection and Analysis: A Look at Process-Oriented and Product-Oriented Field Studies
*Erin Leanne Schulz, Judith A. Ramey, and Denise Carlevato* . . . . . 329

Designing Multi-Platform Online Help: A Demonstration
*Shhonn D. Taylor and Pat Straw* . . . . . 335

User-Centered Design and the Role of Technical Communicators
*Lori H. Fisher, Candace Soderston, Thyra L. Rauch, and Frederick P. Szydlik* . . . . . 336

The Case for User-Centered Design
*Candace Soderston and Thyra L. Rauch* . . . . . 337

Defining a User-Centered Design Process
*Thyra L. Rauch, Candace Soderston, and Greg W. Hill* . . . . . 341

Roles and Skills for Technical Communicators in User-Centered Design
*Lori H. Fisher* . . . . . 345

High-Level Design for Documentation: A User-Centered Approach
*Frederick P. Szydlik* . . . . . 348

Going Paperless — No Longer a Revolutionary Idea
*Sharon R. Mulreany and Risa Glick* . . . . . 351

Electronic Information Kiosks: A New Online Genre for Technical Communicators
*Henrietta N. Shirk* . . . . . 355

Get Smart: Interface Design and Production Meet Editorial on a New CD-ROM Magazine
*Whitney Quesenbery* . . . . . 359

Creating Online Tutorials and Demos
*Wendy G. Beren* . . . . . 362

Rural Telecommuting: Making It Work for You
*Norton R. Johnson* . . . . . 363

Writing for the Web — What is It All About?
*Sarah C. Yeo* . . . . . 364

Restructuring Online Documentation for the World Wide Web
*Christina M. Goode, Jennifer Campbell, and David Hale* . . . . . 365

Writing for the Web — Keeping Them Coming Back
*Sarah C. Yeo* . . . . . 366

Single-Sourcing Tools and Techniques
*Jessica Hart, Nola J. Hague, and Diana Peh* . . . . 367

Designing a Product Documentation Library for the World Wide Web
*Fern Bassow and Holly Gross* . . . . . 370

Making Information Work on the World Wide Web
*Jim Thibeau* . . . . . 374

The Joy of Indexing: How to Make a Good Document Better
*Gloria M.D. Gyure and Colleen S. Kelley* . . . . . 379

Guidelines for Producing a CD-ROM Interface
*Susan G. Feinberg* . . . . . 380

Designing Hypertext: What We Can Learn from Linguistics and Discourse Research
*Mary Ann Eiler* . . . . . 382

International Communication Via the Internet: Processes, Modalities, and Socialization Using Computer-Mediated Communication
*Ann Hill Duin and Ray Archee* . . . . . 383

Welcome to the Lab: Making the Transition to Multimedia
*Malcolm D. Hiett* . . . . . 385

Indexing in the Documentation Process: Which Methods Do You Choose?
*Jan C. Wright* . . . . . 386

Using Standards to Build Quality into Online Help
*Connie "C.J." Bibus, Kristy J. Dale, Donna M. Marcotte, Joyce B. Davis, and Monica Hoganson* . 387

Information Planning for Successful Online Documentation
*Dawn M. Stevens* . . . . . 388

Web Books: Publishing Large Scientific and Technical Documents Simultaneously on the World Wide Web and on Paper
*Ken Jackson and Sonya Keene* . . . . . 391

Put Your Documentation Online — How to Deliver It to Your Users
*Herbert E. Vogt, Linda Barnes Jedlicka, and Margaret Eissler Jones* . . . . . 392

Analyzing Documents to Understand Tags
*William O. Coggin* . . . . . 393

Implementing SGML: Issues and Strategies for the Beginner
*Judith Onifer-Reino* . . . . . 397

The ABC's of SGML/HTML:
Understanding the Concept of CALS and SGML
*Lynn A. Perry* . . . . . 399

Getting Started in the
Expert System Development Game
*Joan F. Lohmann, Lory Hawkes, Margot B. Casey, and Elinor L. Knodel* . . . . . 402

So Many Tools — So Little Time:
Selecting the Right Online Tool
*Donna L. Kuse* . . . . . 404

Bring the Internet into Your Documents
on Budget and on Time
*Avon J. Murphy* . . . . . 405

Webspeak:
An Introduction to HTML and the WWW
*Marlana A. Coe* . . . . . 406

Migrating to WinHelp 4.0 for Windows '95
